

# **MBSEF 2017 ALPINE SUMMER SKI CAMPS**

## **at Mount Hood**

We are offering two different ski camps at Mount Hood this summer. Due to a schedule change at Squaw Valley it is no longer feasible to go there, as originally intended. The Mt. Hood camps are designed for U-14's and older. If there are any U-12 athletes that want to go, they need to be pre-approved by the Alpine Director, Nils Eriksson.

Instead of the Squaw camp we will offer a "Walk-on Camp" at Mount Hood June 24-28. The camp is geared for the athletes who will be U-14 and older next season (born in 2005 or earlier). No lodging, food or transportation will be included in this camp. It will be an on-snow camp only. We realize that there is a very short window to register, but there were some details that needed to be worked out before this information could be sent out.

The second camp is a joint production with SSRA (from Spokane). The focus will be on GS and SL. The camp is geared for the athletes who will be U-14 and older next season (born in 2005 or earlier). Any parent that has questions regarding any of the camps, please contact the MBSEF office. Make sure your child is physically capable and mature enough to handle the camp life at Mt. Hood. If in doubt wait a year.

### **Walk-on Camp U-14 and older**
