

Sunnyside Sports Children's Ski Season Rental Program 2016-2017

Sunnyside's season rental program is an opportunity to rent and keep children's cross country ski equipment from our rental fleet for the entire season, November 2016-May 2017. While there are no age limits to this program, it is designed to accommodate children kindergarten through 5th grades.

- Equipment is used equipment from Sunnyside's children's rental fleet, and is subject to on-hand availability.
- Season rental period is from November 2016-May 2017.
- Deadline for participation in this program is November 25, 2016, even for kids in the spring programs.
- Pricing:
 - Children's no-wax touring skis with bindings (Lengths 110-160cm): \$50/season
 - Children's skating skis with bindings (Lengths 115-150cm): \$75/season
 - Poles (all lengths): \$15/season
 - Children's cross country boots (up to size 34 European) \$35/season
 - Season rentals are for the entire season only. There will be no partial-season rentals, and there will be no refunds issued for weather or program-related issues.

Additionally we will have an early-buy program and a season-lease program for people wanting new equipment. I'll send details out on those programs as they come available.

Thanks for your support of skiing!
