

We will be offering our Junior Buy pricing throughout October. This allows customers to come in at their convenience and get more attention. Zach and Bert and I will be here to talk parents and kids and help them get the best equipment for their needs. We will be placing 2 Junior buy orders, one around October 15th, so that parents who are on top of things and get their stuff ordered will have it when the season starts.

The second order, for the procrastinators, will be placed after October 31st. This order will hopefully be shipped by Thanksgiving, but won't necessarily BE HERE by Thanksgiving (so if they are going to Yellowstone or Canada for T-day, they might not have their new stuff). Also, the odds of not being able to get the right sizes/flexes/lengths gets greater the longer people wait. So we definitely encourage people to come in at their earliest convenience and get stuff ordered up.

We will also be having a Junior Buy night on Thursday October 27th (more details to come) here at the shop with a few of the factory reps.
