

2022-2023 Nordic Middle School Program

Ages 11-14 - Grade 6,7,8

The MBSEF Nordic Middle School Program is designed for young people ages 11-14 in the 6th, 7th or 8th grade. A limited number of younger experienced skiers will be accepted into the program. The program is for competitive and non-competitive skiers. The program offers an accommodating schedule where skiers can choose 1-4 sessions per week with session options on Wednesday, Thursday, Saturday, and Sunday. Over the course of the season, skiers will follow a progressive program designed to develop their physical fitness, knowledge of the sport, and classic and skating technique. With Nordic Program Director approval, highly motivated U14's may opt to join the Winter Term Program for more intense training.

Along with the standard 17 week program, we offer a shorter 12 week program to accommodate athletes participating in other fall sports. The 12 week program runs January 4 through March 26. Choose the option that fits with your fall sports schedule.

The schedule and locations of classic and skating days will be continuously adjusted to ensure skiers have the most successful skiing experience possible while also learning both classic and skating technique. Skiers need to learn to ski classic and skate in any weather situation, but they also need to have successful skiing experiences. To accomplish both goals, the schedule of sessions will be continuously updated according to weather and skiing conditions.

Program Options: 1 day, 2 day, 3 day, 4 day/week, Wed/Thu/Sat/Sun
