

Mountain Bike Coach  
MBSEF Devo Mountain Bike Program

Our Elementary Devo Mountain Biking Program for age 8-12 offers younger athletes the opportunity to develop, grow and improve their mountain bike skills. This program is focused on safely having fun while building the skills, stamina and fitness to enjoy our local trails. Riders will practice trail etiquette and taking care of their bikes. Over the course of a session they will progress from riding basic to more challenging features and learn to enjoy the overall flow of a mountain bike ride.

This coaching position will require the ability to work with ages 8-12 building skills and confidence on mountain bikes. You will work as a pair with another coach to teach basic riding skills and demonstrate proper riding techniques. Familiarity with the trail system at Phil's and the Cascade Lakes Visitor center required. Ability to fix basic mechanical issues required.

Certifications required:  
PMBIA or BICP basic ride guide course.  
First Aid & CPR  
SafeSport

MBSEF will cover the cost of these certifications
